FINAL STRUGGLE CLOSE AT HAND

Peace Envoys Will Soon Finish Minor Questions.

FINE WEATHER AT PORTSMOUTH

Cession of Sakhalin Island and Indemnity Is the Points Over Which the Clash Will Come—Japs Keep Tokio Well Informed.

Portsmouth, N. H., August 18.—The peace conference began at 9:30 o'clock this morning. The envoys were served with breakfast at the naval stores preceding the session.

Five articles for the possible "treaty of Washington," remained to be considered when the plenipotentiaries resumed their session at the navy yard today—Sakhalin upon which it had been impossible to agree, and which had been passed over, indemnity, limitations upon Russia's sea power, the surrender of the interned warships and the grant of fishing rights on the Littoral of the maritime provinces. Remuneration for the cost of the war, it is believed, is No. 9, the first article to come up today.

How far No. 9 will be threshed out before it is "passed over," is problematical. Fishing rights Russia will yield. There only remain limitation upon Russia's sea power and the surrender of the interned warships.

The final struggle is close at hand and preparations are being made for it. When the remaining points of possible agreement are demonstrated an adjournment will be taken probably until Monday, when the plenipotentiaries will show their last cards.

The Japanese are in the closest touch with their government. They are keeping Tokio advised of every development of the proceedings. It was 6 o'clock this morning when the last stream of telegrams to Japan was completed. The weather since the arrival of the plenipotentiaries has strangely followed the prevailing sentiment as to the outcome.

Today was bright and cheery. The sun shone gloriously. It was another page out of the wonderful weather book to which New England has treated her distinguished foreign guests. Last week the heat was unbearable and the plenipotentiaries were testy and angry. Saturday was cold and dreary, and it looked as if a storm would break. But it did not and the fear that negotiations would be broken off when the meeting occurred in the afternoon after the presentation of the Russian reply, was happily averted. Sunday was fair and bright. Tuesday it stormed, and in the conference room the first unsurmountable barrier appeared—the cession of Sakhalin. Yesterday forenoon the weather cleared, and the plenipotentiaries while returning to the hotel were treated to the sight of a glorious New England sunset.

The peace plenipotentiaries who have alternately sweltered and been chilled, shivered and been soaked, were in good spirits in the rain when when they started away from the hotel today.

Most of the Japanese missions were so busy in preparing cables last night that they were, in consequence, a little behind the regular hour in getting down stairs this morning. It was close to 9:30 o'clock before Mr. Takahira, followed by Baron Komura and Mr. Sato, came to the veranda and passed the usual respectful greeting from the guests who usually gather to see them off.

The Russian envoys were halfway to the navy yard when the Japanese set out.

Komura Gives $500 to School.

Seattle, Wash., August 18.—President C. T. Takahashi of the Seattle Japanese association, has received $500 from Baron Komura, donated by the distinguished statesman of Nippon to the Japanese school of this city on the occasion of his visit to Seattle last month. The course of the school consists principally of Japanese language and literature.

TRAIN GOES THROUGH A BRIDGE

Reports Say that There Is a Number Were Killed and Injured.

Norfolk, Va., August 18.—A report just received here says that an excursion train over the Atlantic Coast Line railway from Kingston, N. C., bound for Norfolk, shot through an open drawbridge near Bruce's station, in Norfolk county, about 7 miles from Portsmouth, Va., and about 9 miles from Norfolk.

The train was bringing some 500 persons from Kingston and intermediate points to Norfolk for a stay of today and tomorrow.

The first report of the wreck is that a draw over the western branch of the Elizabeth river was open for a tug to pass through and the excursion train engine with one coach went overboard into 25 feet of water.

Every physician in the city of Portsmouth has been summoned to the scene. Many people are reported killed or injured, and authentic details are yet missing.

A relief train bearing physicians has left Portsmouth for the scene.

The wrecked train was due to arrive at Norfolk at 1 o'clock this afternoon. Following this train was another excursion train over the same road bringing 300 excursionists from Rocky Mount, N. C.

Preceding the wrecked train there was still another excursion train to arrive here over the Atlantic Coast Line road, this being composed of some 300 merchants and others from Augusta, Ga., Charleston, S. C., and Jacksonville, Fla., bound to Baltimore, Philadelphia and New York for the purchase of fall goods.

SATISFIED WITH CONFERENCE.

American Jews Discuss Conditions in Russia With M. Witte.

Chicago, August 18.—Adolf Kraus returned to Chicago yesterday well satisfied with the result of the conference with the Jewish representatives with M. Witte, in Portsmouth Monday night.

There is no doubt, he said, from present indications that the Russian assembly when called will take up seriously the question of settling the Jewish rights.

M. Witte fairly and candidly discussed the conditions as they exist in Russia, and taking it all in all, we were much pleased with the interview and feel that better times are coming for our people there. I notice in some papers the statement that the interview was prompted by Russians in need for money. This is unwarranted, for while unquestionably great financiers were present at the meeting, there was not the slightest reference made to finances.

12 ARE KILLED AND 6 INJURED

Landslide at a Quaryy Bury Many of the Workmen Beneath Rock.

Allentown, Pa., August 18.—A mass of limestone, weighing thousands of tons, slid from a side of the quarry of Mine A, of th eLehigh Portland Cement company, at Ormrod, at noon Wednesday, just five minutes before the time to quite work.

Twyent-seven men were at work in the quarr. Only nine of the me, got away safely, four of whom escaped by running up on a mass of rock at the opposite side of the quarry. The remaining eighteen were huddled in a space of 10 feet square, and twelve of them were killed and six injured. Two of the latter may die.

All of the men are Slavonians, who lived in shanties close to the quarry. Two men who saw the side of the quarry quiver shouted a warning to the men. The men misinterpreted the call and failed to move out of the zone of danger until it was too late. With thunderous roar the mountain of rock fell, pinning the men fast.

King and Emperor Meet.

New York, August 18.—An interview between Emperor William and King Edward will take place when the king is returning home after the cure in Marienbad, says a Times dispatch from Berlin. The interview is said by the correspondent to have been arranged through the friendly offices of Emperor Francis Joseph.

LITTLE CHANGE IN FEVER SITUATION

Eleven Cases Discovered In a Mississippi Town.

TWO DEATHS ARE REPORTED

Mississippi Coast Towns Seek to Increase Rigidity of Quarantine—Dr. Guiteras Is to Deliver a Lecture on the Mosquito Question.

New Cases in New Orleans since 6 p. m. Wednesday—19.

Total cases to date—1,165.

Deaths today—2.

Total deaths—178.

A considerable spread of the yellow fever has been shown in the reports of the past 24 hours, 43 new cases being unearthed in different localities in Louisiana and nine in lower Mississippi. The last report from Ship Island quarantine station just outside of Mobile bay is dated Aug. 9, and showed seven new cases on that day. Up to Aug. 13 ther ehas been 18 cases and one death at Ship Island. In New Orleans the situation today was featureless. The infection continues to spread slowly in the district north of Canal street.

Governor Lanham, of Texas, has issued a proclamation calling attention to the quarantine against the entire state of Louisiana and urging upon the people of his state the necessity for perfect sanitation. The document empowers the authorities of all Texas cities to prevent any violation of sanitary regulations of the state and makes any conflict therewith a penal offense. Not a case of the fever has thus far been reported in Texas.

New Orleans, August 18.—The yellow fever situation was featureless today except for the explanation of the discrepancy in the death report in the preceding twenty-four houds. The number at noon was give as five. At 6 o'clock it was given as four. Five deaths actually occurred, but the certificates in an uptown case were turned in after the record was closed and will, therefore, go into today's list, making three deaths above Canal street in the last three weeks.

Some of the Mississippi coast towns have been seeking to increase the rigidity of their quarantines so as to prevent the handling of any freight from New Orleans, and to require the through freight to be carried in specially sealed and fumigated cars.

The existence of fever on the coast, however, may cause a change of heart, now that it is known that that section is actually infected. A movement was on foot here for an extensive flushing of the gutters which has been always done in yellow fever times. The health authorities however are of the opinion that the flushing of gutters will leave pools in which mosquitoes will hibernate and instead of flushing the gutters will be treated with rock salt.

Dr. Juan Guiteras is to deliver a lecture on the mosquito and the experiences of Havana at a woman's league meeting arranged for Friday night.

Eleven Cases at Mississippi City.

The announcement of the discovery of a nest of 11 cases of yellow fever at Mississippi City, within 3 miles of Gulfport, the terminus of the Gulf of Ship Island road, and the fact that the fever has been in existence there since before July 20, the time when the announcements were made here, is expected to soften somewhat the severe criticism of Mississippians of New Orleans for failing to find the local infection earlier. Before it was known that there was fever here, there was frequent reports of the existence of fever on the gulf coast, but the inspection has been so rigid along the coast for a month by the Alabama, Mississippi and federal authorities, that the denial of fever at Mississippi City or elsewhere was accepted.

The family in which the fever first appeared at Mississippi City arrived there from New Orleans on July 2, and the fever is stated to have been in Mississippi since the 20th. The family is that of Major Magee, of Carrollton, Miss., which stopped for a week in New Orleans on their way to Mississippi City. There are now 11 cases, only one of which is seriously ill.

Troops have drawn a cordon around the infected section and every effort will be made by Surgeon Wasdin of the marine hospital service, to confine the disease.

All the towns on the gulf coast as well as the towns on the Gulf and Ship Island railroad have slapped on quarantines.

Disease Losing Its Virulency.

The comparatively insignificant number of deaths here in the last 24 hours at a time when it was expected that there would be some increase over the maximum figures already reported, made a fine impression on the local public, confirming the frequently expressed view that the disease is losing its virulency in contact with modren forms of treatment. Of the 19 new squares infected, 12 are immediately joining squares previously reported as infected, showing slight spread of the disease.

A list of 18 suspicious cases reached the marine hospital office after the report closed, and were under investigation today.

A fine showing was made by the physicians, 47 of the 66 cases being reported from their private practice. Ten more were reported by the Emergency hospital. Twenty-two of the cases were in the originally infected area. Only five new foci were above Canal street, three adjoining squares already infected.

Screening All Cisterns.

Large quantities of wire screens are now being brought into the city for the purpose of screening cisterns. The screen is so urgently needed that there is no time to ship it by freight and the express companies are bringing it in daily lots of from 8,000 to 10,000 pounds. Cheesecloth screening was a temporary makeshift, and is not provided for in the city ordinance. The fact that there is a supply of wire screen here will enable the authorities to prosecute successfully all landlords who disobey the ordinance.

The school authorities here and elsewhere in Louisiana are as yet undecided as to whether an attempt will be made to open the public schools on the dates originally set. Their decisions will be determined by the course which the fever takes within the next 15 or 30 days.

Yellow Fever Scare in Brooklyn.

New York, August 18.—A yellow fever scare was caused in First avenue, Brooklyn, yesterday, when a doctor summoned to a tenement found John C. Murphy, a laborer, violently ill. In a lucid moment he said he came from Panama a few weeks ago. At the Norwegian hospital the physicians agreed that Murphy had a mild case of yellow fever. The health commission was notified and its agent reported that he found certain symptoms of typhoid malaria, and had grave suspicions that his fellow physicians were right in their opinion that Murphy has yellow fever. Murphy has been placed in an isolated ward. An effort will be made to find out what steamer brought the man here.

Phipps Plead Not Guilty.

Inverness, Scotland, August 18—Jay S. Phipps and Henry Carnegie Phipps sons of Henry Phipps, of Pittsburg, Pa., were formally arraigned today in the high court on the charge of shooting at salmon fishers on the Beauly river and pleaded "not guilty." The case was remanded for trial at Edinburgh. The defendants contend that they merely fired in the direction of the supposed poachers and had no idea of hitting them.

Crew Deserts Shonts' Yacht.

Mobile, Ala., August 18.—T. P. Shonts' handsome yacht Marguedora, which sailed from Mobile three weeks ago for Greenwich, Conn., is having a strenuous time making the trip. The little craft went over Mobile bar in a storm and at Carrabelle, Fla., put in for repairs. At Apalachicola, the entire crew, master excepted, has deserted. E. L. Elmer, private secretary to Mr. Shonts, is here awaiting a new crew.

MRS. FISHER TELLS HER EXPERIENCE

In an Exciting Railroad Wreck Near Macon Monday.

FOUR PEOPLE WERE KILLED

Mrs. Fisher and Daughter Were Aboard a Passenger Train Which Collided With a Freight Train With Serious Results.

Mrs. H. A. Fisher and daughter, Miss Susie, of North Gainesville, who left Monday for a visit to Indiana, now realize how it feels to be mixed up in a genuine railroad wreck, as that was their experience on the Central Railroad near Macon Monday evening.

Mrs. Fisher and daughter were on the passenger train which collided with a freight, mention of which appeared in the Associated Press reports, when four persons were killed. The lady writes of her experience to her husband in this city as follows:

"We are alive and well, but were considerably shaken up yesterday evening. We reached Macon in safety and changed cars, the train pulling out for Atlanta in a few moments. Just as we were starting out, going at a rate of about fifteen miles an hour, a heavy freight train ran into us.

"There was a terrible crash. You have never been in a wreck, and have no idea of the sensation accompanying such. The engines were broken up, and the baggage and mail cars telescoped and were completely shattered into fragments. I never saw such excitement in my life as that which followed, and it was not a great while before fully a thousand people were on the scene. We were not injured—only well shaken up, so there was nothing to do but look on. I saw the men bring out one dead negro, and I was told there were three or four more under the wreckage, where men were working with axes. One of the postal clerks was badly injured, but I do not think he died.

"Another engine came to our relief, and the only two remaining cars which were not injured were pulled back into the union depot at Macon, when the passengers were sent around via the Southern."

This was indeed a narrow escape, and an incident which Mrs. Fisher will no doubt remember for the balance of her life.

IS BUILDING SIDINGS.

Chas. W. Wells Has Good Contract With Atlantic Coast Line.

Chas. W. Wells of Alachua was in the city Friday, having been summoned here on business.

Mr. Wells has been engaged in railroad contracting for the past few months, during which time he has constructed several miles of sidings and spurs for the Atlantic Coast Line. It was under his supervision that the "Y" connecting the Atlantic Coast Line track with the line of the Jacksonville and Southwestern at Alachua was constructed, which will mean within the next few weeks a good thing for Gainesville, as through trains will be operated between St. Petersburg and Jacksonville via this city, which was made possible by the completion of this "Y".

Mr. Wells states that he has just completed the siding at Cadillac, which covers 1,800 feet. The peach and melon industry has become so heavy at this point that this track will be necessary another season to accommodate the cars. He has also completed at Haynesworth a siding 800 feet long, which will greatly facilitate the handling of shipments from that point.

Lake City's Attitude.

Ocala has "butted in," and says Gainesville is nearer that town than Lake City, and consequently must pass on the "Seminary City's" application for a charter for a lodge of Elks. The "University Town," which is our own, had previously shown a disposition to "be good" towards its erring sister, and the boys only intended giving them what the law allowed. Now, though, the Brick City claims the privilege, and there will have to be a toss up. "As the crow flies," we are the nearest; by rail, Ocala has a little the best of us.—Lake City Index.

Sleeping Plants.

Plants sleep much the same as animals. Their sleep is quite real, and its reality can be shown. Perhaps the best marked form of slumber in the vegetable world is that of the great winter rest, when so many species retire altogether under the sheltering soil and there lie dormant side by side with the slumbering animals. How does the long winter rest of animals differ, after all, from the winter rest of the crocus and the hyacinth, which withdraw all the living material from their leaves in autumn and bury themselves inches deep in the soil in the shape of a bulb till February rains or April suns tempt leaves and flowers out again? The whole vast class of bulbous and tuberous plants, indeed—the lilies, orchids, daffodils, narcissi, tulips, squills, bluebells and snowdrops—are they not just hibernating creatures which retire underground in autumn with the slugs and the queen wasps, to reappear in spring about the same time with the return to upper air of the moles, the tortoises and the fritillary butterflies?

Peculiarities of Ferrets.

Ferrets are usually rather shy and sometimes are very cross and bad tempered. If they take a fancy to people they are like squirrels and can be caressed and made much of and enjoy it very greatly. Ferrets were originally brought from England. They are of great value to clear premises of rats. When not hunting the ferrets should be kept in a dry box or pen, with the top off, the depth to be about three feet, the bottom filled in with sawdust or earth. The rat is the natural prey and the favorite food of the ferret. When there are no more rats raw meat is the very best thing to feed, although bread and milk or any other food, with the exception of salt meat, can be given them, together with milk and water, the same as to cats. At first the ferret should be handled by the tail or back of the neck, the latter being the preferred way. A strange ferret should never be handled from the front, as he may bite.

Our Digestive Apparatus.

If men were designed to live on one particular standard diet, such as each food faddist thinks he has discovered, they would have a simple, straightforward digestive apparatus, calculated to deal with such a diet without undue complexity or "overlapping." On the contrary, our digestive apparatus is like our teeth, characteristically omnivorous. Pepsin is only one of at least a dozen different ferments, some of which can only act in alkaline medium, others only in an acid medium, others only in the presence of such and such a body, others only in its absence. This extraordinary, complex apparatus was not constructed to provide problems for physiologists or to consume superfluous vital energy. Its plain meaning—if people were on the lookout for meanings—is that the more complex, adaptable and varied the apparatus the fitter is its owner to survive in all dietetic emergencies.—Pall Mall Gazette.

A Worm Killer.

J A J Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W M. Johnson

Poison In War.

When the French beat the Formosans along the coast in 1881 the latter retired to the interior. When the French pursued them they found a queer line of defense, beyond which they could make no progress and in storming which many died. The Formosans had poisoned the springs, water courses, etc., as they retreated, and the campaigns of the French against them never got farther than the poison line. The poison was a native one, as deadly as arsenic or strychnine.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

POINTED PARAGRAPHS.

An old man doesn't care much for jokes.

What's the use of giving advice? People won't take it.

Not many men know if the advice their wives give is good or bad, as they seldom act upon it.

To every man: Know what puts that sad look on your wife's face? Every one suspects that it is you.

Every man who is nearing the end of his days must regret the worry he has given to false alarms all through life.

Do not go too much into details in your conversation. If you touch only the high places you can get over more ground.

When you inquire of a man, "How are you?" he will reply, "Oh" (with a long pause on the "oh"), "pretty well," indicating that he could be a whole lot better.—Atchison Globe.

A Painter's Broken Arm.

A friend once entered the studio of George Inness, the American landscape painter, while he was at work and remarked that the picture on the easel seemed to him much better than certain former works of the artist. "Right!" said Inness. "This is going to be one of my best things, and the reason is that I have had the good luck to break my right arm and am obliged to paint with my left hand. You see," he added, showing his right hand in a sling, "this hand had become so darned clever that I could not catch up with it, and it painted away without me, while this hand"—showing the left, with which he held his brush—"is awkward and can do nothing without me."

JOHN LONG SHOT INTO ENGINE CAB

Was After Fireman West Davis. Several Shots Took Effect.

HE WAS INJURED IN THE ARM

Davis Was Employed as Fireman on Early Bird Train, and It is Said That Former Trouble Prompted Action. Long Arrested but Released.

John Long of Early Bird was arraigned in Justice Chamblin's court at Archer a day or two ago upon a charge of the reckless handling of firearms, but owing to the fact that West Davis, the prosecuting witness, did not appear, the case was postponed and the defendant was released upon his own recognizance.

From the information received here it seems that Long, who does not bear the best character in the world, was in Archer a few days ago. He had had some difficulty with West Davis, a fireman on the Early Bird train between Archer and Early Bird, and just as the train was pulling out from Archer it is alleged that Long fired into the locomotive cab with a shot gun. Several shots took effect in Davis' arm, but the man was not seriously injured, and continued his run. He caused a warrant to be sworn out against Long, but failed to appear against him in court.

The people of Archer seem to be disappointed that Long was not dealt with to the extent of the law, as it is said he has caused trouble on various occasions. As a matter of course they feel that Justice Chamblin was powerless in the premises, the prosecutor having failed to put in his appearance, but it has been intimated that he was intimidated by Long, and did not appear for fear of being violently handled after the trial.

The carrying of concealed weapons and the reckless handling of firearms has become a common practice in many sections of the county, and the offenders should be prosecuted, as it is hazardous to life.

W. C. T. U. RECEPTION.

Function Friday Evening Was Well Attended and Enjoyed.

The ladies of the Woman's Christian Temperance Union tendered a reception at the girls' dormitory of East Florida Seminary Friday evening complimentary to the faculty and students of the University Normal.

There was a good crowd present and the evening was enjoyed by all. The program comprising vocal and instrumental music, recitations, etc., was carried out in a perfect manner and the guests are under obligations to the Union for an evening's enjoyment.

Rescued from Poorhouse.

New York, Augut 18.—John T. Rapp, an aged broker, said to have been once worth $500,000, and who recently obtained refuge in the Westchester poorhouse after having lived up to his fortune, who was rescued yesterday by a stylishly dressed woman who said she was his niece. The woman told the officials that she had made arrangements to keep him for the remainder of his days. "My uncle has no excuse for being in the poor house," said she. "If he had taken care of his money he could now be living in a mansion on Fifth avenue."

Voters Favor Separation.

Christiana, Norway, August 18.—Complete returns from last Sunday's referendum on the question of the separation of Norway from Sweden show that 368,200 votes were cast for dissolution and 184 against it. The size of the vote is very gratifying to the leaders of the storthing, and has now aroused intense interest. At the last general election for members of the storthing only 236,641 votes were cast.

Peculiar Disappearance.

J. L. Sunyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores. Price 25c.

The Real Difficulty.

Finally it must take remarkable skill to raise a check. Hardup—Oh, I don't know. It's how to get hold of it in the first place that I can't see through.—Detroit Free Press.

CHINESE MUSIC.

What Dr. Whewell, Master of Trinity, Knew About It.

The remarkable extent of the knowledge possessed by Dr. William Whewell, at one time, master of Trinity, Cambridge, is well illustrated by the following story, taken from the "Life and Work of Dr. Momerie."

Two of the younger dons, growing rather jealous of the master's reputation for omniscience, determined that they would discover something of which he knew nothing. They pitched upon the subject of Chinese music. How should he know anything about it? They did not, so they went to an encyclopedia and read the subject up.

The next time they met Whewell at a dinner party they led the conversation gradually in the direction of music, when they began to discourse upon the music of the Chinese and gave out all their recently acquired information.

Whewell was silent, much to their satisfaction. Evidently he knew nothing about the matter. But just as they were beginning to rejoice in their triumph he said:

"Might I ask, gentlemen, where you got your information?"

"Oh, yes," they replied. "We picked it up out of such and such an encyclopedia."

"Ah," said Whewell, "I was thinking so. I wrote that article thirty years ago, and it's full of mistakes."

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Economy In Spelling.

"An English professor visited this country a few years ago," said a New York merchant, "and the first thing which attracted his attention was the spelling of the word 'whisky' in an advertisement which was generously and prominently displayed from many points of vantage. The professor was accustomed to spell it 'whiskey.'

"He did not, however, question the correctness of the spelling, but was curious to know why the advertiser preferred the shorter word.

"The business man received his inquirer politely and in answer to the professor's question said:

"'Our method of spelling makes unnecessary the illumination of an extra letter in our electric signs.'"

A Generous Offer.

When Miss Helen Keller was at the exposition in St. Louis in 1904 she visited the Japanese tea house and for a few minutes shook hands with some of the waitresses, little olive colored women who spoke almost no English, but expressed their interest and intelligence without words.

Many weeks after Miss Keller had returned to Boston she heard from an official of the exposition that one of the Japanese waitresses had gone to a St. Louis physician and asked to have one of her eyes taken out and given to Miss Keller. When she was told that such a gift was impossible she wept in bitter disappointment.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

THE ELECTRICITY HABIT.

There Is One Thing In Its Favor—It Is Usually Beneficial.

"Of all the habits the one that sticks closest to a fellow is the electricity habit," said a young doctor. "The drink habit and the cocaine habit are mere summer flirtations compared with it. But there is one thing to be said in its favor—it is usually beneficial. The electricity habit is contracted just like any other habit. A few currents are administered during an illness. They strengthen and stimulate, and the first thing the patient knows he finds the tonic indispensable. Even after he gets well he craves the treatment. I know one young woman who makes a fair living by calling at the homes of electricity victims and dosing them with a few shocks from a galvanic battery. Most slaves to the habit have their own batteries, but they are afraid to apply the treatment to themselves. That is practically a groundless fear, for there isn't one chance in a thousand of a person giving himself an overdose. Still they prefer an experienced hand to manage the current. Not all the electricity fiends are invalids by any means. Many of them are now as well as they ever were, yet they have become so addicted to the habit that they require the weekly, semiweekly or possibly daily electric thrills to tone them up."—New York Post.

THE KISS IN THE TUNNEL.

The Way a Man Had Revenge For an Act of Discourtesy.

"Courtesy always pays; discourtesy never does," said a famous Frenchwoman. "Let me tell you a story of an actual happening:

"Two women occupied a compartment in a railway carriage with one man, a stranger. They were extremely rude to this man. In whispers that he could overhear they criticised his costume, his figure and his manner. He, to be revenged, did a singular thing.

"The blackness of a tunnel enveloped the car, and under cover of the darkness the man kissed the back of his hand loudly and repeatedly. Then when the train entered the light again he looked from one woman to the other with a significant smile.

"They exchanged glances of suspicion.

"'Was it you he kissed?'

"'No; of course not. Was it you?'

"And neither lady would believe the other's denial, and each in her inmost heart believed the other had encouraged the kiss. The man looked cool and complacent. When finally he rose to go he said, lifting his hat with a jocular air:

"'Have no fear, ladies. I shall never tell which of you it was.'"

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

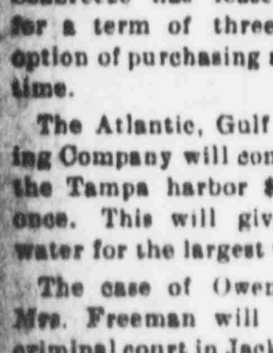
The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.



Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root.

MISS MARIA DUCHARME.

Every Woman in America is Interested in This Young Girl's Experience.

PELVIC CATARRH WAS DESTROYING HER LIFE. PE-RU-NA SAVED HER.

Miss Maria Ducharme, 182 St. Elizabeth street, Montreal, Can., writes:

"I am satisfied that thousands of women suffer because they do not realize how bad they really need treatment and feel a natural delicacy in consulting a physician.

"I felt badly for years, had terrible pains, and at times was unable to attend to my daily duties. I tried to cure myself, but finally my attention was called to an advertisement of Peruna in a similar case to mine, and I decided to give it a trial.

"My improvement began as soon as I started to use Peruna and soon I was a well woman. I feel that I owe my life and my health to your wonderful medicine and gratefully acknowledge this fact,"—Maria Ducharme.

J. B. Passmore got drunk on Wednesday night at Plant City, and Policeman Elam tried to arrest him. Passmore shot Elam twice, when the latter pulled his revolver and shot Passmore five times, killing him. The officer is seriously wounded.

Sam Dillard, the census taker of the south end of the county, informed a Star reporter that the name of the oldest man in Marion county is Marion Roberts, who is 112 years of age, has been a resident of Fish Pond, now Levon, since before the Civil War. He was born in South Carolina in July, 1793. For his years he is wonderfully spry. He has about five generations living around him. The record is straight giving the date of his birth.—Ocala Star.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Transfer Clerk Pockets $20,000.

Chicago, Augut 18.—Walter P. Craft, the transfer clerk of the Equitable Trust company, is missing and it is said by the officials of the company that he has taken about $20,000 of the company's money. It is asserted that the trust company will lose nothing as brokers through whom stock was sold by Craft, will be forced to refund to the company the values of the shares taken by Craft, and sold to them. The police are looking for Craft, but have no clew to his whereabouts at the present time.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief."

FLORIDA OFFICER KILLS MAN.

While Attempting to Arrest Man He Also Is Fatally Shot.

Plant City, Fla., August 18.—J. B. Passmore, white, was shot and killed on Main street here by Night Police man A. Elam and Elam was fatally wounded by Passmore. Passmore was drinking, it is said, and raised a disturbance, when Elam arrested him.

Passmore drew a pistol and fired, the bullet striking Elam in the shoulder. Elam seized the pistol, but Passmore, being much more powerful, shot again, striking Elam in the stomach, inflicting what will probably prove a mortal wound.

Elam managed to draw his pistol, and shot Passmore five times, the latter endeavoring to fire again until shot to death. Elam is in a critical condition from the wound in his stomach.

MAMMOTH CITRON CROP.

California Growers Will Raise 30,000 Carloads of Fruit.

Los Angeles, Calif., August 18.—From recent estimates made of the citrous crop for next year, indications point to a record breaker. That there will be upward of 35,000 carliods is certain and the aggregate may reach forty thousand cars.

The current year ends Oct. 31, with shipments that will total more than 30,000 cars, and the daily average now is about 20 car loads.

Returns for shipments this season show that the Southern California Fruit exchange will have distributed $7,000,000 to growers for fruit shipped from its members. Close calculations upon the output for next season place the net amount that will come to the growers at about $12,000,000.

How to Avoid Appendicitis.

Strike Likely to Spread.

New York, August 18.—In accordance with the orders of the general executive board of the International Association of Structural Iron Workers for a national strike against the American Bridge company, several strikes were called yesterday on the company's contracts in this city. Secretary Green, of the local union, declared that the strike will continue to spread all over the country until a settlement is reached.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CHINA ALL RIGHT.

It may be said by some that the Chinese are not wanted in this country, but they are shown to be made of the kind of stuff that ought to set an example for the people of other portions of the world. A few days ago an assault was made on the Empress of China by a crank as her highness was passing through a gate. Her cries brought a guard, who did not wait to call a board of investigation to ascertain whether the chap was conveniently insane or not. He ran him through with a bayonet and relieved the public of any further trouble from the fellow except to bury him. This might seem rather too severe in the eyes of many philanthropic people, yet it saves a great deal of annoyance from such sources.

When it is learned by the anarchists and cranks that they will not be tolerated for a moment in their efforts to attempt the lives of the heads of governments, they will stop such conduct—at least those who are the victims of the bayonets of the guards. The idea that it is not safe for the President of the United States to travel any in this land of ours, is a disgrace to our country, and when it comes to such a pass it seems about time to put a check on certain classes coming into this country.

The oppressed from other lands have always found an asylum in this country, but the anarchists should meet the fate of the desperado who made the assault on the Empress of China.

OBSOLETE.

Although the summer months in the South are looked upon by many people from a distance as exceedingly dull, within the past thirty days there has been considerable business activity in the State of Florida. Besides the many private enterprises in nearly every city of the State, the incorporation of several concerns with capital stock ranging from $10,000 to $300,000 are recorded. There is plenty of work for all who are seeking to earn an honest living, and the old saying that the people of Florida "skin alligators in the summer and Northerners in the winter for a livelihood," have to be passed into innocuous desuetude.

The Jacksonville carnival will be held November 13th to 18th. The Florida Mid-Winter Fair at Tampa opens on November 15th. Now Jacksonville wants Tampa to push her dates along so as not to conflict with the carnival, and there is naturally a large amount of indignation floating in the air at Tampa, to think that Jacksonville would "butt in" on her dates, when the Tampa show is "the official" exhibition of the State of Florida.

A Louisville man claims to have discovered that alkali dust will exterminate the stegomyia mosquito, and that there is nothing more to be done than to introduce the dust to the haunts of the pesky insect. No doubt, but any sane man, after a fair trial of the dust and the mosquito in active and full-fledged competition, would much prefer to do battle with the stegomyia.—Tampa Herald.

It is stated that M. Witte, the Russian, had a double mission in coming to America, one object being to correct the impression that the Jews in Russia have been coerced by the Czar's government. If coercion is any worse than the manner in which they have been treated, there wouldn't be any of them left to tell the tale, had they been thus restrained.

Taft Visits Many Ports.

Manila, August 18s.—The transport Logan with Secretary Taft, Miss Alice Roosevelt and party on board, was due at Zamboanga on the island of Mindanao at 2 o'clock P. M., on Wednesday, Aug. 16. She will remain there for 19 hours and then proceed to Jolo, on the Island of Jolo, arriving there at 6 p. m. today, Aug. 17. There has been no communication with Mindanao during the past 24 hours, owing to a break in the cable which probably will take five days to repair. The next port at which the party will call will be Cebu, in the Isaya Islands, where the steamer is due to arrive on Monday, Aug. 21. The date set for the banquet to the party at Hong Kong is Tuesday, Sept. 5.

New York, August 18.—The British steamer Athos, which sailed from Port Antonio, Jamaica, for this port on August 2, with a cargo of fruit, is about eight days over due and insurance agents are beginning to inquire about her. The Athos was spoken by the steamer Watson on Aug. 3, about 135 miles north of San Salvador Island, in the Bahamas. She reported that the Athos' machinery was disabled. The heavy weather of the last few days has caused a feeling of alarm on her account. The Athos has a crew of 28 men, mostly of Brooklyn, N. Y.

Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 83 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Remedies I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me." MRS. E. C. BAWLEY, Waterloo, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

AN ORDINANCE.

An Ordinance to Provide for, Regulate and Require the Widening of Liberty Street in the City of Gainesville, Florida, so to Make Said Street an Eighty Foot Street from a Point where the Gainesville and Gulf Railroad Crosses said Street, thence West to the Corporate Limits of said City.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. That the Chairman of the Street Committee be and he is hereby authorized to widen Liberty street in said city from a point where the Gainesville and Gulf Railroad crosses said street, thence west to the corporate limits of said city, making and widening said street so that the same shall be from said point an eighty foot street in width. The Chairman of said Street Committee shall acquire from the property owners fronting or abutting upon either side of said street proper deeds from said owners to a sufficient amount of land along said street where the same is to be widened so as to make said street an eighty foot street, or said Chairman of the Street Committee shall cause to be instituted the necessary and proper legal steps or proceedings to acquire said property by condemnation as provided by law.

Sec. 2. That the cost of acquiring said property as provided in section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the widening of said street is Three Thousand Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is Two Dollars.

Sec. 3. The special assessments shall become due and payable when the widening of said street shall have been completed from the point where such widening begins to the point where the same ends, and when the City Council shall fix the special assessment as herein provided. The said City Council shall within thirty days after the completion of the widening of said street as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said street where the same shall be widened, said special assessment not to exceed the actual cost of such widening or the estimated special assessment per front foot as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city.

Sec. 4. That this ordinance shall be published in a newspaper published in said city once each week for four weeks, and the said City Council shall meet on Monday, the 25th day of September, 1905, at eight o'clock p. m., in the Council Chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 5. That this ordinance shall take effect immediately upon its passage and approval.

AN ORDINANCE.

An Ordinance to Provide for the Appointment of Bond Trustees, for the Engraving of Bonds and Interest Coupons, for the Sale Thereof and Disposition of Proceeds of Said Sale, and to Provide for the Levy and Collection Annually of Such Special Tax as May be Necessary to Pay Said Bonds and the Interest Thereon.

Whereas, Under and by virtue of the provisions of an ordinance entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," published July 3rd, 1905, an election was held in the said City of Gainesville, Florida, on the 8th day of August, 1905, to determine whether or not the issuance of bonds proposed by said ordinance should be at that time approved by a majority of the votes cast by the registered voters of said city; and

Whereas, Said ordinance was published in The Gainesville Sun, in full, A newspaper published in said city, for thirty days after its passage and approval; and

Whereas, Along with the publication of said ordinance there was published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling said election provided for in said ordidance; and

Whereas, In and by said ordinance the issuance of bonds to the amount of Fifty Thousand Dollars is provided for, and the purposes for which such issue of bonds is to be used is expressed in general terms; and

Whereas, At said election so held on the 8th day of August, 1905, the issuance of said bonds for the purposes mentioned in said ordinance provided for was approved by a majority of the votes cast by the registered voters of said city at said election; now, therefore,

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA:

Section 1. There is hereby created a board of bond trustees to be known and designated as "Educational Bond Trustees," to consist of three members, whose duties it shall be to receive said bonds as soon as the same are engraved and executed, and to sell the same at not less than par, and to dispose of the proceeds as provided by this ordinance.

The first Board of Educational Bond Trustees shall consist of E. Baird, Christopher Matheson, J. S. Bodiford. Their term of office shall be one year, and their successors shall be elected by the City Council. Said board shall elect from their number a chairman and a secretary. All vacancies in said board shall be filled by election by the City Council.

Sec. 2. The Mayor, the Chairman of the Finance Committee of the City Council and the Chairman of the said Board of Educational Bond Trustees, shall have engraved five per cent coupon bonds of the City of Gainesville, to be known as "Educational Bonds of the City of Gainesville," to the amount of Fifty Thousand Dollars and the denomination of One Thousand Dollars each, dated the First day of September, 1905, which date shall be the date of issue, bearing interest at the rate of five per cent per annum, payable semi-annually, at the bank of H. F. Dutton & Co. or the office of the City Treasurer, in said city, with engraved interest coupons attached thereto, payable at the end of periods of six months from the date of bonds. Said bonds shall be executed by the Mayor and the President of the City Council and shall bear the co-porate seal of said City of Gainesville and the coupons shall bear the engraved signature of the President of the City Council.

Both principal and interest shall be made payable in gold coin of the United States of the present weight and fineness.

Sec 3. Said Board of Educational Bond Trustees shall adopt and use a common seal, and they shall receive no compensation for their services. Said Educational Bond Trustees shall enter into a good and sufficient bond with one or more sureties, payable to the Mayor of said city and his successors in office, in the sum of One Thousand Dollars, conditioned for the faithful performance and discharge of their duties.

Sec 4. That said bonds shall be made payable to bearer, and shall be delivered by said Educational Bond Trustees only after being countersigned by the Chairman and Secretary with their seal attached whereupon said bonds shall become payable to the lawful bearer thereof.

Said bonds shall be, as soon as engraved, delivered to the said Board of Educational Bond Trustees. It shall be the duty of said Board of Educational Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose.

Sec. 5. That said bonds and the coupons attached shall be in the following words and figures, the blanks left for the number and the date upon which the bond may become due and payable to be filled in as the number and date to become due and payable of the bond may render necessary, twents of said bonds to become due and payable in ten years from the date of issue, fifteen of said bonds to become due and payable in twents years from the date of issue and fifteen of said bonds to become due and payable in thirty years from the date of issue.

CITY OF GAINESVILLE, EDUCATIONAL BOND. INTEREST FIVE PER CENT PER ANNUM. PAYABLE SEMI-ANNUALLY.

The City of Gainesville, in the State of Florida, will pay on the .....day of....., A. D....., to bearer, the sum of One Thousand Dollars, in gold coin of the United States, of the present weight and fineness, at the bank of H. F. Dutton & Company, or office of City Treasurer in said city, with interest thereon at the rate of five per cent per annum, payable semi-annually, in like gold coin, at the office of said H. F. Dutton & Company, or office of City Treasurer, on presentation and surrender of the annexed interest coupons as they severally become due and payable.

This bond is one of a series aggregating $50.-000.00, of like date, known as "Educational Bonds of the City of Gainesville," issued under and in accordance with the provisions of an Act of the Legislature of the State of Florida, entitled "An Act to Authorize the City of Gainesville, in Alachua county, to Issue Bonds for Educational Purposes," approved May 31st, 1905, and of an ordinance of said City of Gainesville entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," approved 3rd day of July, 1905, and published 6th day of July, 1905, and for thirty days after its passage and approval, which ordinance and the issuance of which bonds were approved by a majority of the votes cast at a special election duly called and held under the provisions of said Act and Ordinance on the 8th day of August, 1905.

It is hereby certified that the issue of bonds, of which this is one, is made in strict conformity with the Laws of the State of Florida and Ordinance of the City of Gainesville duly authorizing the same, and that all proceedings and things essential to the validity of this bond have duly happened and been performed, and all requirements of laws and ordinances have been fully complied with by the proper officers in the issuance of this bond.

In testimony whereof the City of Gainesville has issued this bond bearing date the First day of September, A. D. 1905, and has caused it to be executed by the Mayor and President of the City Council of said city, under the seal of the corporation. W. R. THOMAS,

President City Council.

Sec. 6. For the further protection of the citizens of Gainesville and the holders of said bonds, the Treasurer of said city shall be required to give a special bond, to be approved by the Mayor, in the sum of Ten Thousand Dollars, conditioned for the honest and faithful performance and discharge of all duties devolving upon him, under the provisions of this ordinance, and may from time to time be required to give any additional bond so conditioned should the City Council by resolution deem it advisable. Said bond shall be payable to the Mayor and his successors in office.

Sec. 7. The City Clerk and Treasurer or other agents or officers collecting or receiving money from any assessment, tax or other source to be applied to the payment of said bonds, or any part of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make on the first day of each and every month written report in duplicate of the amount of money collected or received for such purpose, from whom and when collected, or received, and the amount collected or received from each person and of all payments by him made under the provisions of this ordinance; such report must embrace a detailed exhibit of all coupons collected, received, paid or taken up by such officer or agent, stating particularly the date when each coupon has been collected, received, taken up or paid, and the number of bond from which the several coupons are detached, and the date of maturity of each; also a statement of all bonds redeemed, paid or purchased, with the number of each bond, the date of redemption, payment or purchase, from whom received and the amount paid for each.

One of said reports shall be, on or before the third day of the same month, filed with the City Clerk and the other with the Secretary of the Board of Educational Bond Trustees.

Sec. 8. It shall be the duty of the City Treasurer or other agent or officer receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to the said Educational Bond Trustees, together with his report above mentioned, each month.

Sec. 9. The City Treasurer, by and with the advice and direction of the Board of Educational Bond Trustees, shall from time to time apply all the moneys that may come into his hands as a redemption or sinking fund to the purchase of said bonds at their market value, or shall, under the same direction, invest the said money in bonds of the United States or the State of Florida, or in such other bonds or securities as shall be approved by said Trustees and as may seem to them advisable.

Sec. 10. It shall be the duty of the Board of Educational Bond Trustees, on or before the first day of February of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year.

Sec. 11. The Educational Bond Trustees are hereby authorized to sell at not less than par and to deliver the Fifty Thousand Dollars of the authorized bond issue of Educational Bonds of the City of Gainesville, and said Educational Bond Trustees are hereby further authorized and empowered to use the proceeds of said sale for the purpose of acquiring, building or purchasing a building or buildings for school purposes or to otherwise secure with said proceeds educational advantages or facilities in or adjacent to said city.

Sec. 12. This Ordinance shall become effective immediately upon its approval by the Mayor.

SENATE PASSES TAX BILL.

Georgia Legislature Is Very Busy at the Close of Session.

Atlanta, August 18.—Exactly as reported to the senate by Senator A. O. Blalock, chairman of the finance committee, and substantially as reported to the house by Chairman Wise, of the ways and means committee, the general tax act was passed by the senate Wednesday and immediately transmitted back to the house for concurrence in several amendments.

Few changes were made in the bill as passed by the house. The senate reduced the tax on dispensaries, bar rooms, clubs and foreign breweries from $500, as passed by the house, to $300. This is an increase of $100 over the tax on these concerns last year.

The anticipated fight on the graduated occupation tax on foreign corporations did not develop in the senate, and the section relating to these corporations was adopted as passed by the house.

By unanimous consent upon request of Senator Hand, the house resolution providing for the increase in salaries of the governor, supreme court judges and superior court judges was taken up immediately after the passage of the tax act and unanimously passed by the senate.

This resolution provided for the increase in the salaries of these officials which was not provided for in the appropriation bill last year.

In the House.

As Wednesday was the last day on which a bill could be passed by the house and go through the senate, many members made efforts to get their bills through, but few succeeded, and only three or four measures of consequence were passed.

The important measures put through by the house at the morning and afternoon sessions included the Jenkins bill to appropriate $76,000 to install a new waterworks system at the state sanitarium; the McMichael bill, providing that the net convict hire which goes to common schools shall be remitted direct to the county school commissioners so as to save county treasurers' fees; the Calvin bill to exempt "oats" from the operation of the boll weevil law and the Candler resolution, providing for a commission to sit during the recess to investigate and report as to a revision of the state tax law.

Guard Charged with Manslaughter.

Cartersville, Ga., Augustt 18.—The coroner's jury which passed on the death of the negro convict, Liddell, who died after a whipping by Deputy Warden J. W. Tierce, severely criticises Warden Jake Moore for his statement exonerating Tierce from any criminal action in connection with the whipping. The jury has put Tierce under $5,000 bond for manslaughter, and Dr. Vaughan, the camp physician, under $300 bond on account of alleged connection with the case. The members of the jury say Warden Moore did not make much of an investigation, and they have called on him for the names of the physicians reported to have said that Liddell died of the bursting of a blood vessel. The community is much stirred up over the affair.

Georgia Mayors In Session.

Griffin, Ga., August 18.—The League of Georgia Municipalities meet at Griffin Wednesday under the most pleasant auspices. The business meetings of the league are to be held in the large ball room of the Commercial club rooms and those who have been in rooms have pronounced them the most convenient and coolest ever provided for a meeting of the Georgia mayors. It is a popular name here to call the meeting that of the Georgia "mayors," and by that name they are known here. The entire arrangements for the entertainment at the visit of these distinguished Georgians pleased the visitors very much, and the session has already given promise of being the most interesting and instructive of any yet held in the history of the league.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Red Men to Meet at Nashville.

Nashville, Tenn., Aug. 18.—It is officially announced that the annual national meeting of the Order of Red Men will be held in Nashville, on Sept. 11-17 unless yellow fever appears in this city. Reports had gone out that because of yellow fever in the south the meeting would be held in some other city. Nashville is considered immune from the disease, there never having been a case originating here.

Another Good Man Gone Wrong

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Rebels Attack Dutch Posts.

Amsterdam, August 18.—A telegram received from Batavia, British East Indies, reports an ugly outbreak of Achipes rebels, who attacked the Dutch post at Rambon, killing two officers and 22 men. Only six men of the post succeeded in escaping, and these were wounded.

Explorers Sail for London.

Bergen, Norway, August 18.—The arctic steamer Terre Nova, which under command of Wm. Zeigler, secretary of the late William Zeigler, rescued Anthony Fiala and other members of the Zeigler polar expedition, sailed today for London.

FINAL STRUGGLE CLOSE AT HAND

Peace Envoys Will Soon Finish Minor Questions.

FINE WEATHER AT PORTSMOUTH

Cession of Sakhalin Island and Indemnity is the Points Over Which the Clash Will Come—Japs Keep Tokio Well Informed.

Portsmouth, N. H., August 18.—The peace conference began at 9:30 o'clock this morning. The envoys were served with breakfast at the naval stores preceding the session.

Five articles for the possible "treaty of Washington," remained to be considered when the plenipotentiaries resumed their session at the navy yard today—Sakhalin upon which it had been impossible to agree, and which had been passed over, indemnity, limitations upon Russia's sea power, the surrender of the interned warships and the grant of fishing rights on the Littoral of the maritime provinces. Remuneration for the cost of the war, it is believed, is No. 9, the first article to come up today.

How far No. 9 will be threshed out before it is "passed over," is problematical. Fishing rights Russia will yield. There only remain limitation upon Russia's sea power and the surrender of the interned warships.

The final struggle is close at hand and preparations are being made for it. When the remaining points of possible agreement are demonstrated an adjournment will be taken probably until Monday, when the plenipotentiaries will show their last cards.

The Japanese are in the closest touch with their government. They are keeping Tokio advised of every development of the proceedings. It was 6 o'clock this morning when the last stream of telegrams to Japan was completed. The weather since the arrival of the plenipotentiaries has strangely followed the prevailing sentiment as to the outcome

Today was bright and cheery. The sun shone gloriously. It was another page out of the wonderful weather book to which New England has treated her distinguished foreign guests. Last week the heat was unbearable and the plenipotentiaries were testy and angry. Saturday was cold and dreary, and it looked as if a storm would break. But it did not and the fear that negotiations would be broken off when the meeting occurred in the afternoon after the presentation of the Russian reply, was happily averted. Sunday was fair and bright Tuesday it stormed, and in the conference room the first unsurmountable barrier appeared—the cession of Sakhalin. Yesterday forenoon the weather cleared, and the plenipotentiaries while returning to the hotel were treated to the sight of a glorious New England sunset.

The peace plenipotentiaries who have alternately sweltered and been chilled, shivered and been soaked, were in good spirits in the rain when when they started away from the hotel today.

Most of the Japanese missions were so busy in preparing cables last night that they were, in consequence, a little behind the regular hour in getting down stairs this morning. It was close to 9:30 o'clock before Mr. Takahira, followed by Baron Komura and Mr. Sato, came to the veranda and passed the usual respectful greeting from the guests who usually gather to see them off.

The Russian envoys were halfway to the navy yard when the Japanese set out.

Komura Gives $500 to School.

Seattle, Wash., August 18.—President C. T. Takahashi, of the Seattle Japanese association, has received $500 from Baron Komura, donated by the distinguished statesman of Nippon to the Japanese school of this city on the occasion of his visit to Seattle last month. The course of the school consists principally of Japanese language and literature.

TRAIN GOES THROUGH A BRIDGE

Reports Say that There Is a Number Were Killed and Injured.

Norfolk, Va., August 18.—A report just received here says that an excursion train over the Atlantic Coast Line railway from Kingston, N. C., bound for Norfolk, shot through an open drawbridge near Bruce's station, in Norfolk county, about 7 miles from Portsmouth, Va., and about 9 miles from Norfolk.

The train was bringing some 500 persons from Kingston and intermediate points to Norfolk for a stay of today and tomorrow.

The first report of the wreck is that a draw over the western branch of the Elizabeth river was open for a tug to pass through and the excursion train engine with one coach went overboard into 25 feet of water.

Every physician in the city of Portsmouth has been summoned to the scene. Many people are reported killed or injured, and authentic details are yet missing.

A relief train bearing physicians has left Portsmouth for the scene.

The wrecked train was due to arrive at Norfolk at 1 o'clock this afternoon. Following this train was another excursion train over the same road bringing 300 excursionists from Rocky Mount, N. C.

Preceding the wrecked train there was still another excursion train to arrive here over the Atlantic Coast Line road, this being composed of some 300 merchants and others from Augusta, Ga., Charleston, S. C., and Jacksonville, Fla., bound to Baltimore, Philadelphia and New York for the purchase of fall goods.

SATISFIED WITH CONFERENCE.

American Jews Discuss Conditions in Russia With M. Witte.

Chicago, August 18.—Adolf Kraus returned to Chicago yesterday well satisfied with the result of the conference with the Jewish representatives with M. Witte, in Portsmouth Monday night.

There is no doubt, he said, from present indications that the Russian assembly when called will take up seriously the question of settling the Jewish rights.

M. Witte fairly and candidly discussed the conditions as they exist in Russia, and taking it all in all, we were much pleased with the interview and feel that better times are coming for our people there. I notice in some papers the statement that the interview was prompted by Russians in need for money. This is unwarranted, for while unquestionably great financiers were present at the meeting, there was not the slightest reference made to finances.

12 ARE KILLED AND 6 INJURED

Landslide at a Quaryy Bury Many of the Workmen Beneath Rock.

Allentown, Pa., August 18.—A mass of limestone, weighing thousands of tons, slid from a side of the quarry of Mine A. of th eLehigh Portland Cement company, at Ormrod, at noon Wednesday, just five minutes before the time to quite work.

Twyent-seven men were at work in the quarr. Only nine of the men got away safely, four of whom escaped by running up on a mass of rock at the opposite side of the quarry. The remaining eighteen were huddled in a space of 10 feet square, and twelve of them were killed and six injured. Two of the latter may die.

All of the men are Slavonians, who lived in shanties close to the quarry. Two men who saw the side of the quarry quiver shouted a warning to the men. The men misinterpreted the call and failed to move out of the zone of danger until it was too late. With thunderous roar the mountain of rock fell, pinning the men fast.

King and Emperor Meet.

New York, August 18.—An interview between Emperor William and King Edward will take place when the king is returning home after the cure in Marienbad, says a Times dispatch from Berlin. The interview is said by the correspondent to have been arranged through the friendly offices of Emperor Francis Joseph.

LITTLE CHANGE IN FEVER SITUATION

Eleven Cases Discovered In a Mississippi Town.

TWO DEATHS ARE REPORTED

Mississippi Coast Towns Seek to Increase Rigidity of Quarantine—Dr. Guiteras is to Deliver a Lecture on the Mosquito Question.

New Cases in New Orleans since 6 p. m. Wednesday—19.

Total cases to date—1,165.

Deaths today—2.

Total deaths—178.

A considerable spread of the yellow fever has been shown in the reports of the past 24 hours, 43 new cases being unearthed in different localities in Louisiana and nine in lower Mississippi. The last report from Ship Island quarantine station just outside of Mobile bay is dated Aug. 9, and showed seven new cases on that day. Up to Aug. 13 ther ehas been 18 cases and one death at Ship Island. In New Orleans the situation today was featureless. The infection continues to spread slowly in the district north of Canal street.

Governor Lanham, of Texas, has issued a proclamation calling attention to the quarantine against the entire state of Louisiana and urging upon the people of his state the necessity for perfect sanitation. The document empowers the authorities of all Texas cities to prevent any violation of sanitary regulations of the state and makes any conflict therewith a penal offense. Not a case of the fever has thus far been reported in Texas.

New Orleans, August 18.—The yellow fever situation was featureless today except for the explanation of the discrepancy in the death report in the preceding twenty-four houds. The number at noon was give as five. At 6 o'clock it was given as four. Five deaths actually occurred, but the certificates in an uptown case were turned in after the record was closed and will, therefore, go into today's list, making three deaths above Canal street in the last three weeks.

Some of the Mississippi coast towns have been seeking to increase the rigidity of their quarantines so as to prevent the handling of any freight from New Orleans, and to require the through freight to be carried in specially sealed and fumigated cars.

The existence of fever on the coast, however, may cause a change of heart, now that it is known that that section is actually infected. A movement was on foot here for an extensive flushing of the gutters which has been always done in yellow fever times. The health authorities however are of the opinion that the flushing of gutters will leave pools in which mosquitoes will hibernate and instead of flushing the gutters will be treated with rock salt.

Dr. Juan Guiteras is to deliver a lecture on the mosquito and the experiences of Havana at a woman's league meeting arranged for Friday night.

Eleven Cases at Mississippi City.

The announcement of the discovery of a nest of 11 cases of yellow fever at Mississippi City, within 3 miles of Gulfport, the terminus of the Gulf of Ship Island road, and the fact that the fever has been in existence there since before July 20, the time when the announcements were made here, is expected to soften somewhat the severe criticism of Mississippians of New Orleans for failing to find the local infection earlier. Before it was known that there was fever here there was frequent reports of the existence of fever on the gulf coast, but the inspection has been so rigid along the coast for a month by the Alabama, Mississippi and federal authorities, that the denial of fever at Mississippi City or elsewhere was accepted.

The family in which the fever first appeared at Mississippi City arrived there from New Orleans on July 2, and the fever is stated to have been in Mississippi since the 20th. The family is that of Major Magee, of Carrollton, Miss., which stopped for a week in New Orleans on their way to Mississippi City. There are now 11 cases, only one of which is seriously ill.

Troops have drawn a cordon around the infected section and every effort will be made by Surgeon Wasdin of the marine hospital service, to confine the disease.

All the towns on the gulf coast as well as the towns on the Gulf and Ship Island railroad have slapped on quarantines.

Disease Losing Its Virulency.

The comparatively insignificant number of deaths here in the last 24 hours at a time when it was expected that there would be some increase over the maximum figures already reported, made a fine impression on the local public, confirming the frequently expressed view that the disease is losing its virulency in contact with modren forms of treatment. Of the 19 new squares infected, 12 are immediately joining squares previously reported as infected, showing slight spread of the disease.

A list of 18 suspicious cases reached the marine hospital office after the report closed, and were under investigation today.

A fine showing was made by the physicians, 47 of the 66 cases being reported from their private practice. Ten more were reported by the Emergency hospital. Twenty-two of the cases were in the originally infected area. Only five new foci were above Canal street, three adjoining squares already infected.

Screening All Cisterns.

Large quantities of wire screens are now being brought into the city for the purpose of screening cisterns. The screen is so urgently needed that there is no time to ship it by freight and the express companies are bringing it in daily lots of from 8,000 to 10,000 pounds. Cheesecloth screening was a temporary makeshift, and is not provided for in the city ordinance. The fact that there is a supply of wire screen here will enable the authorities to prosecute successfully all landlords who disobey the ordinance.

The school authorities here and elsewhere in Louisiana are as yet undecided as to whether an attempt will be made to open the public schools on the dates originally set. Their decisions will be determined by the course which the fever takes wtihin the next 15 or 30 days.

Yellow Fever Scare in Brooklyn.

New York, August 18.—A yellow fever scare was caused in First avenue, Brooklyn, yesterday, when a doctor summoned to a tenement found John C. Murphy, a laborer, violently ill. In a lucid moment he said he came from Panama a few weeks ago. At the Norwegian hospital the physicians agreed that Murphy had a mild case of yellow fever. The health commission was notified and its agent reported that he found certain symptoms of typhoid malaria, and had grave suspicions that his fellow physicians were right in their opinion that Murphy has yellow fever. Murphy has been placed in an isolated ward. An effort will be made to find out what steamer brought the man here.

Phipps Plead Not Guilty.

Inverness, Scotland, August 18—Jay S. Phipps and Henry Carnegie Phipps sons of Henry Phipps, of Pittsburg, Pa., were formally arraigned today in the high court on the charge of shooting at salmon fishers on the Beauly river and pleaded "not guilty." The case was remanded for trial at Edinburgh. The defendants contend that they merely fired in the direction of the supposed poachers and had no idea of hitting them.

Crew Deserts Shonts' Yacht.

Mobile, Ala., August 18.—T. P. Shonts' handsome yacht Marguedora, which sailed from Mobile three weeks ago for Greenwich, Conn., is having a strenuous time making the trip. The little craft went over Mobile bar in a storm and at Carrabelle, Fla., put in for repairs. At Apalachicola, the entire crew, master excepted, has deserted. E. L. Elmer, private secretary to Mr. Shonts, is here awaiting a new crew.

WOMAN ASSAULTED BY BLACK BRUTE

Georgia Mob Hunting For Perpetrator of Crime.

LYNCHING IS VERY PROBABLE

He Had Been Working on Woman's Husband on Farm—Whole Community Is Aroused Over the Awful Crime.

Thomasville, Ga., August [illegible]—This morning at 7 o'clock a negro named Harty by name, assaulted Mrs. Outze, wife of a young farmer living 3 miles south of town, and made his escape.

The negro was a Thomasville man, and had worked for Outze [illegible] days. Mr. Outze was working [illegible] half a mile from his home. The negro went to his residence and asked for a key to the cotton house, where he had left his coat there. Mrs. Outze handed him the key, and as she did so, he caught hold of her and dragging her he accomplished his purpose.

The negro then stole a shotgun from the kitchen and fled through the wods.

Alarmed by his wife's screams Outze ran to the house to find her in a desperate condition. He was in time to see the fleeing negro, but could not overtake him.

Outze then rode to Thomasville at breakneck speed for medical aid and to inform the officers of the law.

Alderman Benson, who has been for the past two or three weeks prospecting for an additional supply of water at Boulware Springs, and who stated to the council that he had found it, yesterday made a demonstration that verified his statement. Several prominent citizens and officials who were interested went with Mr. Benson to the waterworks, where the pumps were applied, and it was demonstrated that the supply is abundant and more than can be handled with the present facilities for pumping same. Mr. Benson is to be congratulated upon this find, as the water supply has been a perplexing question for some time.

COTTON IN ALACHUA.

Only One Gin Running So Far—Fifteen Bales Turned Out.

The cotton season in Alachua has been considerably delayed, owing to the heavy and continued rains which have caused a great deal of the open staple to rot in the fields, as well as the fact that cotton pickers have been scarce.

There is only one ginnery in operation in Alachua now, being that of Rives & Son, and this establishment has only turned out fifteen bales, where double the number should have been the amount.

There are three ginneries in Alachua, and at this season last year they were all in operation, and comparatively seventy-five bales of cotton were marketed from these gins.

The planters throughout the county are greatly discouraged. Thousands of pounds of open cotton have rotted in the fields, and that which could have been gathered has been lost on account of inability to secure pickers, who are scarce at a dollar a hundred. The negroes receive better salaries from the naval stores and lumber manufacturers, which naturally causes a scarcity of cotton pickers. The most of the work so far this season has been done by women and children.

If this condition of affairs is not relieved the farmers of Alachua county are going to suffer this season.

PLEASANT BIRTHDAY PARTY.

Miss Minnie Lee Entertains in Honor of Her Birthday.

Melrose, August 18.—On Wednesday night last, August 16th, there was a party given at the residence of Mr and Mrs. W. H. Lee, by their charming young daughter, Miss Minnie, in honor of her seventeenth birthday. A table sat in one corner of the parlor filled with presents gave good evidence as to the popularity of this young lady. In all present there were fifty-one. Cake and ice cream were the refreshments served and they were served to a queen's taste.

The latest music, as well as games, were played until the midnight hour arrived, and then one and all bade her good-night and many more happy birthdays.

Mr. Brin Robinson, while loading lumber on the steamer Alert last week, slipped and fell, a piece of lumber falling on his arm, giving him a slight injury. Friends are glad to know that he has returned to his work. He is pilot on the Alert, although he had taken a hand in loading the lumber.

THE YELLOW FEVER.

Many New Cases But the Death List is Not Large.

New Orleans, August 18.—There has been a new place heard from, Leeville, at the mouth of Bayou La Fourche, which has a mixed population and 100 cases. Doctors, nurses, etc., have been sent to the place.

From 6 p. m. yesterday until noon today there were 27 new cases in the city and only three deaths. The disease seems milder in character than a week ago.

The infection is spreading in the district north of Canal street. The gutters will be cleaned with rock salt.

Miss Jernigan Rewarded.

Little Miss Ruth Jernigan, daughter of Mr and Mrs. L. A. Jernigan, while en route to Live Oak a few days ago found on a seat of the railroad coach a purse containing $40 in cash, a baggage check and some valuable papers. The name of the party was on the papers, but naturally the little lady was at a loss for a way in which to find the owner. When she reached Live Oak she went to the hotel, where she ascertained that the owner was registered there, and delivered to him the lost book.

The owner was so gratified that he insisted upon Miss Jernigan accepting a five-dollar bill as her reward.

A Prominent Visitor.

Among the prominent visitors to this city Friday was H. D. Simpson of Vincesse, Ind., a relative of J. E. McDonald.

Mr. Simpson is a nurseryman. He is president of the Indiana Nurserymen's Association, and owns one of the finest and most profitable nurseries in the Hoosier State. He is now deeply interested in pecan culture, and has come to Florida to study the same. He is well pleased, and it may be possible that he will decide to locate here.

Mr. Simpson has visited a number of the largest pecan groves and nurseries in this section.

MRS. FISHER TELLS HER EXPERIENCE

In an Exciting Railroad Wreck Near Macon Monday.

FOUR PEOPLE WERE KILLED

Mrs. Fisher and Daughter Were Aboard a Passenger Train Which Collided With a Freight Train With Serious Results.

Mrs. H. A. Fisher and daughter, Miss Susie, of North Gainesville, who left Monday for a visit to Indiana, now realize how it feels to be mixed up in a genuine railroad wreck, as that was their experience on the Central Railroad near Macon Monday evening.

Mrs. Fisher and daughter were on the passenger train which collided with a freight, mention of which appeared in the Associated Press reports, when four persons were killed. The lady writes of her experience to her husband in this city as follows:

"We are alive and well, but were considerably shaken up yesterday evening. We reached Macon in safety and changed cars, the train pulling out for Atlanta in a few moments. Just as we were starting out, going at a rate of about fifteen miles an hour, a heavy freight train ran into us.

"There was a terrible crash. You have never been in a wreck, and have no idea of the sensation accompanying such. The engines were broken up, and the baggage and mail cars telescoped and were completely shattered into fragments. I never saw such excitement in my life as that which followed, and it was not a great while before fully a thousand people were on the scene. We were not injured—only well shaken up, so there was nothing to do but look on. I saw the men bring out one dead negro, and I was told there were three or four more under the wreckage, where men were working with axes. One of the postal clerks was badly injured, but I do not think he died.

"Another engine came to our relief, and the only two remaining cars which were not injured were pulled back into the union depot at Macon, when the passengers were sent around via the Southern."

This was indeed a narrow escape, and an incident which Mrs. Fisher will no doubt remember for the balance of her life.

IS BUILDING SIDINGS.

Chas. W. Wells Has Good Contract With Atlantic Coast Line.

Chas. W. Wells of Alachua was in the city Friday, having been summoned here on business.

Mr. Wells has been engaged in railroad contracting for the past few months, during which time he has constructed several miles of sidings and spurs for the Atlantic Coast Line. It was under his supervision that the "Y" connecting the Atlantic Coast Line track with the line of the Jacksonville and Southwestern at Alachua was constructed, which will mean within the next few weeks a good thing for Gainesville, as through trains will be operated between St. Petersburg and Jacksonville via this city, which was made possible by the completion of this "Y."

Mr. Wells states that he has just completed the siding at Cadillac, which covers 1,800 feet. The peach and melon industry has become so heavy at this point that this track will be necessary another season to accommodate the cars. He has also completed at Haynesworth a siding 800 feet long, which will greatly facilitate the handling of shipments from that point.

Lake City's Attitude.

Ocala has "butted in," and says Gainesville is nearer that town than Lake City, and consequently must pass on the "Seminary City's" application for a charter for a lodge of Elks. The "University Town" which is our own, had previously shown a disposition to "be good" towards its erring sister, and the boys only intended giving them what the law allowed. Now, though, the Brick City claims the privilege, and there will have to be a toss up. "As the crow flies," we are the nearest; by rail, Ocala has a little the best of us.—Lake City Index.

Sleeping Plants.

Plants sleep much the same as animals. Their sleep is quite real, and its reality can be shown. Perhaps the best marked form of slumber in the vegetable world is that of the great winter rest, when so many species retire altogether under the sheltering soil and there lie dormant side by side with the slumbering animals. How does the long winter rest of animals differ, after all, from the winter rest of the crocus and the hyacinth, which withdraw all the living material from their leaves in autumn and bury themselves inches deep in the soil in the shape of a bulb till February rains or April suns tempt leaves and flowers out again? The whole vast class of bulbous and tuberous plants, indeed—the lilies, orchids, daffodils, narcissi, tulips, squills, bluebells and snowdrops—are they not just hibernating creatures which retire underground in autumn with the slugs and the queen wasps, to reappear in spring about the same time with the return to upper air of the moles, the tortoises and the fritillary butterflies?

Peculiarities of Ferrets.

Ferrets are usually rather shy and sometimes are very cross and bad tempered. If they take a fancy to people they are like squirrels and can be caressed and made much of and enjoy it very greatly. Ferrets were originally brought from England. They are of great value to clear premises of rats. When not hunting the ferrets should be kept in a dry box or pen, with the top off, the depth to be about three feet, the bottom filled in with sawdust or earth. The rat is the natural prey and the favorite food of the ferret. When there are no more rats raw meat is the very best thing to feed, although bread and milk or any other food, with the exception of salt meat, can be given them, together with milk and water, the same as to cats. At first the ferret should be handled by the tail or back of the neck, the latter being the preferred way. A strange ferret should never be handled from the front, as he may bite.

Our Digestive Apparatus.

If men were designed to live on one particular standard diet, such as each food faddist thinks he has discovered, they would have a simple, straightforward digestive apparatus, calculated to deal with such a diet without undue complexity or "overlapping." On the contrary, our digestive apparatus is like our teeth, characteristically omnivorous. Pepsin is only one of at least a dozen different ferments, some of which can only act in alkaline medium, others only in an acid medium, others only in the presence of such and such a body, others only in its absence. This extraordinary, complex apparatus was not constructed to provide problems for physiologists or to consume superfluous vital energy. Its plain meaning—if people were on the lookout for meanings—is that the more complex, adaptable and varied the apparatus the fitter is its owner to survive in all dietetic emergencies.—Pall Mall Gazette.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge, the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Poison In War.

When the French beat the Formosans along the coast in 1881 the latter retired to the interior. When the French pursued them they found a queer line of defense, beyond which they could make no progress and in storming which many died. The Formosans had poisoned the springs, water courses, etc., as they retreated, and the campaigns of the French against them never got farther than the poison line. The poison was a native one, as deadly as arsenic or strychnine.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

POINTED PARAGRAPHS.

An old man doesn't care much for jokes.

What's the use of giving advice? People won't take it.

Not many men know if the advice their wives give is good or bad, as they seldom act upon it.

To every man: Know what puts that sad look on your wife's face? Every one suspects that it is you.

Every man who is nearing the end of his days must regret the worry he has given to false alarms all through life.

Do not go too much into details in your conversation. If you touch only the high places you can get over more ground.

When you inquire of a man, "How are you?" he will reply, "Oh" (with a long pause on the "oh"), "pretty well," indicating that he could be a whole lot better.—Atchison Globe.

A Painter's Broken Arm.

A friend once entered the studio of George Inness, the American landscape painter, while he was at work and remarked that the picture on the easel seemed to him much better than certain former works of the artist. "Right!" said Inness. "This is going to be one of my best things, and the reason is that I have had the good luck to break my right arm and am obliged to paint with my left hand. You see," he added, showing his right hand in a sling, "this hand had become so darned clever that I could not catch up with it, and it painted away without me, while this hand"—showing the left, with which he held his brush—"is awkward and can do nothing without me."

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their name and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Monday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

JOHN LONG SHOT INTO ENGINE CAB

Was After Fireman West Davis. Several Shots Took Effect.

HE WAS INJURED IN THE ARM

Davis Was Employed as Fireman on Early Bird Train, and It is Said That Former Trouble Prompted Action. Long Arrested but Released.

John Long of Early Bird was arraigned in Justice Chamblin's court at Archer s day or two ago upon a charge of the reckless handling of firearms, but owing to the fact that West Davis, the prosecuting witness, did not appear the case was postponed and the defendant was released upon his own recognizance.

From the information received here it seems that Long, who does not bear the best character in the world, was in Archer a few days ago. He had had some difficulty with West Davis, a fireman on the Early Bird train between Archer and Early Bird, and just as the train was pulling out from Archer it is alleged that Long fired into the locomotive cab with a shot gun. Several shots took effect in Davis' arm, but the man was not seriously injured, and continued his run. He caused a warrant to be sworn out against Long, but failed to appear against him in court.

The people of Archer seem to be disappointed that Long was not dealt with to the extent of the law, as it is said he has caused trouble on various occasions. As a matter of course they feel that Justice Chamblin was powerless in the premises, the prosecutor having failed to put in his appearance, but it has been intimated that he was intimidated by Long, and did not appear for fear of being violently handled after the trial.

The carrying of concealed weapons and the reckless handling of firearms has become a common practice in many sections of the county, and the offenders should be prosecuted, as it is hazardous to life.

W. C. T. U. RECEPTION.

Function Friday Evening Was Well Attended and Enjoyed.

The ladies of the Woman's Christian Temperance Union tendered a reception at the girls' dormitory of East Florida Seminary Friday evening complimentary to the faculty and students of the University Normal.

There was a good crowd present and the evening was enjoyed by all. The program comprising vocal and instrumental music, recitations, etc., was carried out in a perfect manner and the guests are under obligations to the Union for an evening's enjoyment.

Rescued from Poorhouse.

New York, Augut 18.—John T. Rapley an aged broker, said to have been once worth $500,000, and who recently obtained refuge in the Westchester poorhouse after having lived up to his fortune, who was rescued yesterday by a stylishly dressed woman who said she was his niece. The woman told the officials that she had made arrangements to keep him for the remainder of his days. "My uncle has no excuse for being in the poor house," said she. "If he had taken care of his money, he could now be living in a mansion on Fifth avenue."

Voters Favor Separation.

Christiana, Norway, August 18.—Complete returns from last Sunday's referendum on the question of the separation of Norway from Sweden show that 368,200 votes were cast for dissolution and 184 against it. The size of the vote is very gratifying to the leaders of the storthing, and has now aroused intense interest. At the last general election for members of the storthing only 236,641 votes were cast.

Peculiar Disappearance.

T. Runyan of Butlerville, O., laid the peculiar disappearance of his pain-symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores. price 25c.

CHINESE MUSIC.

What Dr. Whewell, Master of Trinity, Knew About It.

The remarkable extent of the knowledge possessed by Dr. William Whewell, at one time master of Trinity, Cambridge, is well illustrated by the following story, taken from the "Life and Work of Dr. Momerie."

Two of the younger dons, growing rather jealous of the master's reputation for omniscience, determined that they would discover something of which he knew nothing. They pitched upon the subject of Chinese music. How should he know anything about it? They did not, so they went to an encyclopedia and read the subject up.

The next time they met Whewell at a dinner party they led the conversation gradually in the direction of music, when they began to discourse upon the music of the Chinese and gave out all their recently acquired information.

Whewell was silent, much to their satisfaction. Evidently he knew nothing about the matter. But just as they were beginning to rejoice in their triumph he said:

"Might I ask, gentlemen, where you got your information?"

"Oh, yes," they replied. "We picked it up out of such and such an encyclopedia."

"Ah," said Whewell, "I was thinking so. I wrote that article thirty years ago, and it's full of mistakes."

Cured Hay Fever and Summer Cold.

A. J. Noshbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Economy In Spelling.

"An English professor visited this country a few years ago," said a New York merchant, "and the first thing which attracted his attention was the spelling of the word 'whisky' in an advertisement which was generously and prominently displayed from many points of vantage. The professor was accustomed to spell it 'whiskey.'

"He did not, however, question the correctness of the spelling, but was curious to know why the advertiser preferred the shorter word.

"The business man received his inquirer politely and in answer to the professor's question said:

"'Our method of spelling makes unnecessary the illumination of an extra letter in our electric signs.'"

A Generous Offer.

When Miss Helen Keller was at the exposition in St. Louis in 1904 she visited the Japanese tea house and for a few minutes shook hands with some of the waitresses, little olive colored women who spoke almost no English, but expressed their interest and intelligence without words.

Many weeks after Miss Keller had returned to Boston she heard from an official of the exposition that one of the Japanese waitresses had gone to a St. Louis physician and asked to have one of her eyes taken out and given to Miss Keller. When she was told that such a gift was impossible she wept in bitter disappointment.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

THE ELECTRICITY HABIT.

There Is One Thing In Its Favor—It Is Usually Beneficial.

"Of all the habits the one that sticks closest to a fellow is the electricity habit," said a young doctor. "The drink habit and the cocaine habit are mere summer fancies compared with it. But there is one thing to be said in its favor—it is usually beneficial. The electricity habit is contracted just like any other habit. A few currents are administered during an illness. They strengthen and stimulate, and the first thing the patient knows he finds the tonic indispensable. Even after he gets well he craves the treatment. I know one young woman who makes a fair living by calling at the homes of electricity victims and dosing them with a few shocks from a galvanic battery. Most slaves to the habit have their own batteries, but they are afraid to apply the treatment to themselves. That is practically a groundless fear, for there isn't one chance in a thousand of a person giving himself an overdose. Still they prefer an experienced hand to manage the current. Not all the electricity fiends are invalids by any means. Many of them are now as well as they ever were, yet they have become so addicted to the habit that they require the weekly, semiweekly or possibly daily electric thrills to tone them up."—New York Post.

THE KISS IN THE TUNNEL.

The Way a Man Had Revenge For an Act of Discourtesy.

"Courtesy always pays, discourtesy never does," said a famous Frenchwoman. "Let me tell you a story of an actual happening:

"Two women occupied a compartment in a railway carriage with one man, a stranger. They were extremely rude to this man. In whispers that he could overhear they criticised his costume, his figure and his manner. He, to be revenged, did a singular thing.

"The blackness of a tunnel enveloped the car, and under cover of the darkness the man kissed the back of his hand loudly and repeatedly. Then when the train entered the light again he looked from one woman to the other with a significant smile.

"They exchanged glances of suspicion.

"'Was it you he kissed?'

"'No, of course not. Was it you?'

"And neither lady would believe the other's denial, and each in her inmost heart believed the other had encouraged the kiss. The man looked cool and complacent. When finally he rose to go he said, lifting his hat with a jocular air:

"'Have no fear, ladies. I shall never tell which of you it was.'"

INDUSTRIAL EDITION

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

Sam Dillard, the census taker of the south end of the county, informed a Star reporter that the name of the oldest man in Marion county is Marion Roberts, who is 112 years of age, has been a resident of Fish Pond, now Levon, since before the Civil War. He was born in South Carolina in July, 1793. For his years he is wonderfully spry. He has about five generations living around him. The record is straight giving the date of his birth.—Ocala Star.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

MISS MARIA DUCHARME.

Every Woman in America is Interested in This Young Girl's Experience.

PELVIC CATARRH WAS DESTROYING HER LIFE. PE-RU-NA SAVED HER.

Miss Maria Ducharme, 182 St. Elizabeth street, Montreal, Can., writes:

"I am satisfied that thousands of women suffer because they do not realize how bad they really need treatment and feel a natural delicacy in consulting a physician.

"I felt badly for years, had terrible pains, and at times was unable to attend to my daily duties. I tried to cure myself, but finally my attention was called to an advertisement of Peruna in a similar case to mine, and I decided to give it a trial.

"My improvement began as soon as I started to use Peruna and soon I was a well woman. I feel that I owe my life and my health to your wonderful medicine and gratefully acknowledge this fact."—Maria Ducharme.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Transfer Clerk Pockets $20,000.

Chicago, Augut 18.—Walter P. Craft, the transfer clerk of the Equitable Trust company, is missing and it is said by the officials of the company that he has taken about $20,000 of the company's money. It is asserted that the trust company will lose nothing as brokers through whom stock was sold by Craft, will be forced to refund to the company the values of the shares taken by Craft, and sold to them. The police are looking for Craft, but have no clew to his whereabouts at the present time.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johns.

FLORIDA OFFICER KILLS MAN.

While Attempting to Arrest Man He Also is Fatally Shot.

Plant City, Fla., August 18.—J. B. Passmore, white, was shot and killed on Main street here by Night Police man A. Elam and Elam was fatally wounded by Passmore. Passmore was drinking, it is said, and raised a disturbance, when Elam arrested him.

Passmore drew a pistol and fired, the bullet striking Elam in the shoulder. Elam seized the pistol, but Passmore, being much more powerful, shot again, striking Elam in the stomach, inflicting what will probably prove a mortal wound.

Elam managed to draw his pistol, and shot Passmore five times, the latter endeavoring to fire again until shot to death. Elam is in a critical condition from the wound in his stomach.

MAMMOTH CITRON CROP.

California Growers Will Raise 30,000 Carloads of Fruit.

Los Angeles, Calif., August 18.—From recent estimates made of the citrous crop for next year, indications point to a record breaker. That there will be upward of 35,000 carliods is certain and the aggregate may reach forty thousand cars.

The current year ends Oct. 31, with shipments that will total more than 30,000 cars, and the daily average now is about 20 car loads.

Returns for shipments this season show that the Southern California Fruit exchange will have distributed $7,000,000 to growers for fruit shipped from its members. Close calculations upon the output for next season place the net amount that will come to the growers at about $12,000,000.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

Strike Likely to Spread.

New York, August 18.—In accordance with the orders of the general executive board of the International Association of Structural Iron Workers for a national strike against the American Bridge company, several strikes were called yesterday on the company's contracts in this city. Secretary Green, of the local union, declared that the strike will continue to spread all over the country until a settlement is reached.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CHINA ALL RIGHT.

It may be said by some that the Chinese are not wanted in this country, but they are shown to be made of the kind of stuff that ought to set an example for the people of other portions of the world. A few days ago an assault was made on the Empress of China by a crank as her highness was passing through a gate. Her cries brought a guard, who did not wait to call a board of investigation to ascertain whether the chap was conveniently insane or not. He ran him through with a bayonet and relieved the public of any further trouble from the fellow except to bury him. This might seem rather too severe in the eyes of many philanthropic people, yet it saves a great deal of annoyance from such sources.

When it is learned by the anarchists and cranks that they will not be tolerated for a moment in their efforts to attempt the lives of the heads of governments, they will stop such conduct—at least those who are the victims of the bayonets of the guards. The idea that it is not safe for the President of the United States to travel any in this land of ours, is a disgrace to our country, and when it comes to such a pass it seems about time to put a check on certain classes coming into this country.

The oppressed from other lands have always found an asylum in this country, but the anarchists should meet the fate of the desperado who made the assault on the Empress of China.

OBSOLETE.

Although the summer months in the South are looked upon by many people from a distance as exceedingly dull, within the past thirty days there has been considerable business activity in the State of Florida. Besides the many private enterprises in nearly every city of the State, the incorporation of several concerns with capital stock ranging from $10,000 to $300,000 are recorded. There is plenty of work for all who are seeking to earn an honest living, and the old saying that the people of Florida "skin alligators in the summer and Northerners in the winter for a livelihood," have to be passed into innocuous desuetude.

The Jacksonville carnival will be held November 13th to 18th. The Florida Mid-Winter Fair at Tampa opens on November 15th. Now Jacksonville wants Tampa to push her dates along so as not to conflict with the carnival, and there is naturally a large amount of indignation floating in the air at Tampa, to think that Jacksonville would "butt in" on her dates, when the Tampa show is "the official" exhibition of the State of Florida.

A Louisville man claims to have discovered that alkali dust will exterminate the stegomyia mosquito, and that there is nothing more to be done than to introduce the dust to the haunts of the pesky insect. Taft Visits Many Ports.

Manila, August 18s.—The transport Logan with Secretary Taft, Miss Alice Roosevelt and party on board, was due at Zamboanga on the island of Mindanao at 2 o'clock P. M., on Wednesday, Aug. 16. She will remain there for 19 hours and then proceed to Jolo, on the island of Jolo, arriving there at 6 p. m. today, Aug. 17. There has been no communication with Mindanao during the past 24 hours, owing to a break in the cable which probably will take five days to repair. The next port at which the party will call will be Cebu in the Isaya islands, where the steamer is due to arrive on Monday, Aug. 21. The date set for the banquet to the party at Hong Kong is Tuesday, Sept. 5.

Life a Burden

There are times when life seems a burden—when you are tired, worn out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 82 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' remedies I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me." MRS. E. C. RAWLBY, Waterloo, Ind.

AN ORDINANCE.

An Ordinance to Provide for, Regulate and Require the Widening of Liberty Street in the City of Gainesville, Florida, so to Make Said Street an Eighty Foot Street from a Point where the Gainesville and Gulf Railroad Crosses said Street, thence West to the Corporate Limits of said City.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. That the Chairman of the Street Committee be and he is hereby authorized to widen Liberty street in said city from a point where the Gainesville and Gulf Railroad crosses said street, thence west to the corporate limits of said city, making and widening said street so that the same shall be from said point an eighty foot street in width. The Chairman of said Street Committee shall acquire from the property owners fronting or abutting upon either side of said street proper deeds from said owners to a sufficient amount of land along said street where the same is to be widened so as to make said street an eighty foot street, or said Chairman of the Street Committee shall cause to be instituted the necessary and proper legal steps or proceedings to acquire said property by condemnation as provided by law.

Sec. 2. That the cost of acquiring said property as provided in section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the widening of said street is Three Thousand Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is Two Dollars.

Sec. 3. The special assessments shall become due and payable when the widening of said street shall have been completed from the point where such widening begins to the point where the same ends, and when the City Council shall fix the special assessment as herein provided. The said City Council shall within thirty days after the completion of the widening of said street as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said street where the same shall be widened, said special assessment not to exceed the actual cost of such widening or the estimated special assessment per front foot as stated in this ordidance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city.

Sec. 4. That this ordinance shall be published in a newspaper published in said city once each week for four weeks, and the said City Council shall meet on Monday, the 25th day of September, 1905, at eight o'clock p. m., in the Council Chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 5. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN, President pro tem.

Attest: J. M. DELL, Clerk.

Approved by me this 11th August, 1905. W. R THOMAS, Mayor.

AN ORDINANCE

An Ordinance to Provide for the Registration of Voters at a Special Election to be Held October 10th, 1905, in the City of Gainesville, Florida.

Be it Ordained by the Mayor and City Council of Said City:

Section 1. That the City Clerk of said City of Gainesville be, and he is hereby directed, immediately upon the adoption and approval of this Ordinance, to open the registration books of said city at his office, or at any other convenient place in said city, and that all persons entitled under the Laws of Florida to the right of franchises shall be entitled to register by taking the required oath, giving their name, color, age and residence. The said Clerk shall give due notice of the time and place where said books are to be opened and kept by publishing such notice in some newspaper printed in said city. The registration shall be completed and the said books closed on the second Saturday of September, 1905

Sec. 2. That the purpose for which said registration books shall be opened as provided in Section One, shall be to permit the registration of all persons entitled under the Laws of Florida as therein provided, to register for the purpose of qualifying to vote at the special election to be held in said city on the 10th of October, 1905.

Sec. 3. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN, President pro tem.

AN ORDINANCE.

An Ordinance to Provide for the Appointment of Bond Trustees, for the Engraving of Bonds and Interest Coupons, for the Sale Thereof and Disposition of Proceeds of Said Sale, and to Provide for the Levy and Collection Annually of Such Special Tax as May be Necessary to Pay Said Bonds and the Interest Thereon.

Whereas, Under and by virtue of the provisions of an ordinance entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," published July 3rd, 1905, an election was held in the said City of Gainesville, Florida, on the 8th day of August, 1905, to determine whether or not the issuance of bonds proposed by said ordinance should be at that time approved by a majority of the votes cast by the registered voters of said city; and

Whereas, Said ordinance was published in The Gainesville Sun, in full, a newspaper published in said city, for thirty days after its passage and approval; and

Whereas, Along with the publication of said ordinance there was published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling said election provided for in said ordidance; and

Whereas, In and by said ordinance the issuance of bonds to the amount of Fifty Thousand Dollars is provided for, and the purposes for which such issue of bonds is to be used is expressed in general terms; and

Whereas, At said election so held on the 8th day of August, 1905, the issuance of said bonds for the purposes mentioned in said ordinance provided for was approved by a majority of the votes cast by the registered voters of said city at said election; now, therefore,

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida

Section 1. There is hereby created a board of bond trustees to be known and designated as "Educational Bond Trustees," to consist of three members, whose duties it shall be to receive said bonds as soon as the same are engraved and executed, and to sell the same at not less than par, and to dispose of the proceeds as provided by this ordinance.

The first Board of Educational Bond Trustees shall consist of E. Baird, Christopher Matheson, J. S. Bodiford. Their term of office shall be one year, and their successors shall be elected by the City Council. Said board shall elect from their number a chairman and a secretary. All vacancies in said board shall be filed by election by the City Council.

Sec. 2. The Mayor, the Chairman of the Finance Committee of the City Council and the Chairman of the said Board of Educational Bond Trustees, shall have engraved five per cent coupon bonds of the City of Gainesville, to be known as "Educational Bonds of the City of Gainesville," to the amount of Fifty Thousand Dollars and the denomination of One Thousand Dollars each, dated the First day of September, 1905, which date shall be the date of issue, bearing interest at the rate of five per cent per annum, payable semi-annually, at the bank of H. F. Dutton & Co. or the office of the City Treasurer, in said city, with engraved interest coupons attached thereto, payable at the end of periods of six months from the date of bonds. Said bonds shall be executed by the Mayor and the President of the City Council and shall bear the corporate seal of said City of Gainesville and the coupons shall bear the engraved signature of the President of the City Council.

Both principal and interest shall be made payable in gold coin of the United States of the present weight and fineness.

Sec 3. Said Board of Educational Bond Trustees shall adopt and use a common seal, and they shall receive no compensation for their services. Said Educational Bond Trustees shall enter into a good and sufficient bond with one or more sureties, payable to the Mayor of said city and his successors in office, in the sum of One Thousand Dollars, conditioned for the faithful performance and discharge of their duties.

Sec. 4. That said bonds shall be made payable to bearer, and shall be delivered by said Educational Bond Trustees only after being countersigned by the Chairman and Secretary with their seal attached whereupon said bonds shall become payable to the lawful bearer thereof.

Said bonds shall be as soon as engraved, delivered to the said Board of Educational Bond Trustees. It shall be the duty of said Board of Educational Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose.

Sec. 5. That said bonds and the coupons attached shall be in the following words and figures, the blanks left for the number and the date upon which the bond may become due and payable to be filled in as the number and date to become due and payable of the bond may render necessary, twenty of said bonds to become due and payable in ten years from the date of issue, fifteen of said bonds to become due and payable in twenty years from the date of issue and fifteen of said bonds to become due and payable in thirty years from the date of issue:

UNITED STATES OF AMERICA
STATE OF FLORIDA

No. Device $1000.00

CITY OF GAINESVILLE, EDUCATIONAL BOND. INTEREST FI[illegible] PER ANNUM. PAY[illegible] ANNUALLY.

The City of Gainesville, in the State of Florida, will pay on the .....day of....., A. D. ....., to bearer, the sum of One Thousand Dollars, in gold coin of the United States, of the present weight and fineness, at the bank of H. F. Dutton & Company, or office of City Treasurer in said city, with interest thereon at the rate of five per cent per annum, payable semi-annually, in like gold coin, at the office of said H. F. Dutton & Company, or office of City Treasurer, on presentation and surrender of the annexed interest coupons as they severally become due and payable.

This bond is one of a series aggregating $50,000.00, of like date, known as "Educational Bonds of the City of Gainesville," issued under and in accordance with the provisions of an Act of the Legislature of the State of Florida, entitled "An Act to Authorize the City of Gainesville, in Alachua county, to Issue Bonds for Educational Purposes," approved May 31st, 1905, and of an ordinance of said City of Gainesville entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," approved 3rd day of July, 1905, and published 6th day of July, 1905, and for thirty days after its passage and approval, which ordinance and the issuance of which bonds were approved by a majority of the votes cast at a special election duly called and held under the provisions of said Act and Ordinance on the 8th day of August, 1905.

It is hereby certified that the issue of bonds, of which this is one, is made in strict conformity with the Laws of the State of Florida and Ordinance of the City of Gainesville duly authorizing the same, and that all proceedings and things essential to the validity of this bond have duly happened and been performed, and all requirements of laws and ordinances have been fully complied with by the proper officers in the issuance of this bond.

In testimony whereof the City of Gainesville has issued this bond bearing date the First day of September, A. D. 1905, and has caused it to be executed by the Mayor and President of the City Council of said city, under the seal of the corporation. W. R. THOMAS, Mayor of the City of Gainesville.

Sec. 6. For the further protection of the citizens of Gainesville and the holders of said bonds, the Treasurer of said city shall be required to give a special bond, to be approved by the Mayor, in the sum of Ten Thousand Dollars, conditioned for the honest and faithful performance and discharge of all duties devolving upon him, under the provisions of this ordinance, and may from time to time be required to give any additional bond so conditioned should the City Council by resolution deem it advisable. Said bond shall be payable to the Mayor and his successors in office.

Sec. 7. The City Clerk and Treasurer or other agents or officers collecting or receiving money from any assessment, tax or other source to be applied to the payment of said bonds, or any part of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make on the first day of each and every month written report in duplicate of the amount of money collected or received for such purpose, from whom and when collected, or received, and the amount collected or received from each person and of all payments by him made under the provisions of this ordinance; such report must embrace a detailed exhibit of all coupons collected, received, paid or taken up by such officer or agent, stating particularly the date when each coupon has been collected, received, taken up or paid, and the number of bond from which the several coupons are detached, and the date of maturity of each; also a statement of all bonds redeemed, paid or purchased, with the number of each bond, the date of redemption, payment or purchase, from whom received and the amount paid for each.

One of said reports shall be, on or before the third day of the same month, filed with the City Clerk and the other with the Secretary of the Board of Educational Bond Trustees.

Sec. 8. It shall be the duty of the City Treasurer or other agent or officer receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to the said Educational Bond Trustees, together with his report above mentioned, each month.

Sec. 9. The City Treasurer, by and with the advice and direction of the Board of Educational Bond Trustees, shall from time to time apply all the moneys that may come into his hands as a redemption or sinking fund to the purchase of said bonds at their market value, or shall, under the same direction, invest the said money in bonds of the United States or the State of Florida, or in such other bonds or securities as shall be approved by said Trustees and as may seem to them advisable.

Sec. 10. It shall be the duty of the Board of Educational Bond Trustees, on or before the first day of February of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year.

Sec. 11. The Educational Bond Trustees are hereby authorized to sell at not less than par and to deliver the Fifty Thousand Dollars of the authorized bond issue of Educational Bonds of the City of Gainesville, and said Educational Bond Trustees are hereby further authorized and empowered to use the proceeds of said sale for the purpose of acquiring, building or purchasing a building or buildings for school purposes or to otherwise secure with said proceeds educational advantages or facilities in or adjacent to said city.

Sec. 12. This Ordinance shall become effective immediately upon its approval by the Mayor.

SENATE PASSES TAX BILL.

Georgia Legislature Is Very Busy at the Close of Session.

Atlanta, August 18.—Exactly as reported to the senate by Senator A. O. Bullock, chairman of the finance committee, and substantially as reported to the house by Chairman Wise, of the ways and means committee, the general tax act was passed by the senate Wednesday and immediately transmitted back to the house for concurrence in several amendments.

Few changes were made in the bill as passed by the house. The senate reduced the tax on dispensaries, bar rooms, clubs and foreign breweries from $500, as passed by the house, to $300. This is an increase of $100 over the tax on these concerns last year.

The anticipated fight on the graduated occupation tax on foreign corporations did not develop in the senate, and the section relating to these corporations was adopted as passed by the house.

By unanimous consent upon request of Senator Hand, the house resolution providing for the increase in salaries of the governor, supreme court judges and superior court judges was taken up immediately after the passage of the tax act and unanimously passed by the senate.

This resolution provided for the increase in the salaries of these officials which was not provided for in the appropriation bill last year.

In the House.

As Wednesday was the last day on which a bill could be passed by the house and go through the senate, many members made efforts to get their bills through, but few succeeded, and only three or four measures of consequence were passed.

The important measures put through by the house at the morning and afternoon sessions included the Jenkins bill to appropriate $75,000 to install a new waterworks system at the state sanitarium; the McMichael bill, providing that the net convict hire which goes to common schools shall be remitted direct to the county school commissioners so as to save county treasurers' fees; the Calvin bill to exempt "oats" from the operation of the boll weevil law and the Candler resolution, providing for a commission to sit during the recess to investigate and report as to a revision of the state tax law.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

Guard Charged with Manslaughter.

Cartersville, Ga., Augustt 18.—The coroner's jury which passed on the death of the negro convict, Liddell, who died after a whipping by Deputy Warden J. W. Tierce, severely criticises Warden Jake Moore for his statement exonerating Tierce from any criminal action in connection with the whipping. The jury has put Tierce under $5,000 bond for manslaughter, and Dr. Vaughan, the camp physician, under $300 bond on account of alleged connection with the case. The members of the jury say Warden Moore did not make much of an investigation, and they have called on him for the names of the physicians reported to have said that Liddell died of the bursting of a blood vessel. The community is much stirred up over the affair.

Georgia Mayors in Session.

Griffin, Ga., August 18.—The League of Georgia Municipalities meet at Griffin Wednesday under the most pleasant auspices. The business meetings of the league are to be held in the large ball room of the Commercial club rooms and those who have been in rooms have pronounced them the most convenient and coolest ever provided for a meeting of the Georgia mayors. It is a popular name here to call the meeting that of the Georgia "mayors," and by that name they are known here. The entire arrangements for the entertainment at the visit of these distinguished Georgians pleased the visitors very much, and the session has already given promise of being the most interesting and instructive of any yet held in the history of the league.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Red Men to Meet at Nashville.

Nashville, Tenn., Aug. 18.—It is officially announced that the annual national meeting of the Order of Red Men will be held in Nashville, on Sept. 11-17 unless yellow fever appears in this city. Reports had gone out that because of yellow fever in the south the meeting would be held in some other city. Nashville is considered immune from the disease, there never having been a case originating here.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. E. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Rebels Attack Dutch Posts.

Amsterdam, August 18.—A telegram received from Batavia, British East Indies, reports an ugly outbreak of Achines rebels who attacked the Dutch post at Rambon, killing two officers and 22 men. Only six men of the post succeeded in escaping, and these were wounded.

Explorers Sail for London.

Bergen, Norway, August 18.—The arctic steamer Terre Nova, which under command of Wm. Zeigler, secretary of the late William Zeigler, rescued Anthony Fiala and other members of the Zeigler polar expedition, sailed today for London.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

Alderman Benson, who has been for the past two or three weeks prospecting for an additional supply of water at Boulware Springs, and who stated to the council that he had found it, yesterday made a demonstration that verified his statement. Several prominent citizens and officials who were interested went with Mr. Benson to the waterworks, where the pumps were applied, and it was demonstrated that the supply is abundant and more than can be handled with the present facilities for pumping same. Mr. Benson is to be congratulated upon this find, as the water supply has been a perplexing question for some time.

COTTON IN ALACHUA.

Only One Gin Running So Far—Fifteen Bales Turned Out.

The cotton season in Alachua has been considerably delayed, owing to the heavy and continued rains which have caused a great deal of the open staple to rot in the fields, as well as the fact that cotton pickers have been scarce.

There is only one ginnery in operation in Alachua now, being that of Rives & Son, and this establishment has only turned out fifteen bales, where double the number should have been the amount.

There are three ginneries in Alachua, and at this season last year they were all in operation, and comparatively seventy-five bales of cotton were marketed from these gins.

The planters throughout the county are greatly discouraged. Thousands of pounds of open cotton have rotted in the fields, and that which could have been gathered has been lost on account of inability to secure pickers, who are scarce at a dollar a hundred. The negroes receive better salaries from the naval stores and lumber manufacturers, which naturally causes a scarcity of cotton pickers. The most of the work so far this season has been done by women and children.

If this condition of affairs is not relieved the farmers of Alachua county are going to suffer this season.

PLEASANT BIRTHDAY PARTY.

Miss Minnie Lee Entertains in Honor of Her Birthday.

Melrose, August 18.—On Wednesday night last, August 16th, there was a party given at the residence of Mr. and Mrs. W. H. Lee, by their charming young daughter, Miss Minnie, in honor of her seventeenth birthday. A table sat in one corner of the parlor filled with presents gave good evidence as to the popularity of this young lady. In all present there were fifty-one. Cake and ice cream were the refreshments served and they were served to a queen's taste.

The latest music, as well as games, were played until the midnight hour arrived, and then one and all bade her good-night and many more happy birthdays.

Mr. Brin Robinson, while loading lumber on the steamer Alert last week, slipped and fell, a piece of lumber falling on his arm, giving him a slight injury. Friends are glad to know that he has returned to his work. He is pilot on the Alert, although he had taken a hand in loading the lumber.

THE YELLOW FEVER.

Many New Cases But the Death List is Not Large.

New Orleans, August 18.—There has been a new place heard from, Leeville, at the mouth of Bayou La Fourche, which has a mixed population and 100 cases. Doctors, nurses, etc., have been sent to the place.

From 6 p. m. yesterday until noon today there were 27 new cases in the city and only three deaths. The disease seems milder in character than a week ago.

The infection is spreading in the district north of Canal street. The gutters will be cleaned with rock salt.

Miss Jernigan Rewarded.

Little Miss Ruth Jernigan, daughter of Mr. and Mrs. L. A. Jernigan, while en route to Live Oak a few days ago found on a seat of the railroad coach a purse containing $40 in cash, a baggage check, and some valuable papers. The name of the party was on the papers, but naturally the little lady was at a loss for a way in which to find the owner. When she reached Live Oak she went to the hotel, where she ascertained that the owner was registered there, and delivered to him the lost book.

The owner was so gratified that he insisted upon Miss Jernigan accepting a five-dollar bill as her reward.

A Prominent Visitor.

Among the prominent visitors to this city Friday was H. D. Simpson of Vincesse, Ind., a relative of J. B. Melon-ald.

Mr. Simpson is a nurseryman. He is president of the Indiana Nurserymen's Association, and owns one of the finest and most profitable nurseries in the Hoosier State. He is now deeply interested in pecan culture, and has come to Florida to study the same. He is well pleased, and it may be possible that he will decide to locate here.

Mr. Simpson has visited a number of the largest pecan groves and nurseries in this section.
